OSA-6219-63

18 DEC 1963

MEMORANDUM FOR: Curator of the Historical Intelligence Collection

SUBJECT : Agency Clipping Service

REFERENCE : Memorandum from Executive Director to DD/P, DD/I, DD/S and DD/S&T; Dated 30 October 1963; Subject: As Above

1. This Office does not conduct a formal program of clipping articles from the press. Personnel assigned to the Security Staff, OSA, are encouraged, however, by the Chief, Security Staff, to clip items of interest concerning companies, incidents or personalities of interest to the OSA from the security standpoint.

2. The extent of such clipping being conducted by the Security Staff of this Office is extremely limited and, I suggest, it would not appear to fall within the type of clipping service referred to in reference.
